THE BEST START IN LIFE

**IMPORTANT: KEEP THESE INSTRUCTIONS
FOR FUTURE REFERENCE**

1.1

These instructions are important.

Read these instructions carefully before use and keep them for future reference. Your child's safety may be affected if you do not follow these instructions. Your Zest pushchair is a high quality Silver Cross product. It meets current safety standards and care and regular light maintenance will ensure long service. This vehicle is intended for children from birth to 25kg. If somebody unfamiliar is using your Zest pushchair always ensure that they read these instructions carefully so that they understand how the product works best. Always read all the instructions provided carefully and remember, the safety of your child is your responsibility.

WARNING: Never leave your child unattended.

Contents

Your Zest pushchair includes the following components, please check that you have all the items before proceeding:

- 1.1 Zest Pushchair Chassis, Seat Fabrics and Basket
- 1.2 Zest Hood
- 1.3 Zest Raincover
- 1.4 Zest Front Wheel Assembly x2

1.2

1.3

1.4

2.1

Assembling the Zest

WARNING: Check the wheel is secure by pulling gently downwards.

Repeat on both sides. Your Zest is now ready to be unfolded.

- 2.1 Locate the locking catch on the side of the pushchair and lift to release from the locking stud.
- 2.2 Allow the pushchair to open by lifting the handles upwards and the wheels will naturally fall to the floor.

2.2

2.3

Assembling the Zest (continued)

- 2.3 Finally, press down gently upon the rear locking catch, positioned between the rear wheels, to lock your pushchair.

WARNING: Failure to do this will cause damage to your pushchair.

Place the pushchair on a flat surface and ensure that the pushchair moves freely.

2.4

- 2.4 To fit your Zest hood, locate the clips on the hood. Now attach the hood to the Zest chassis by sliding clips over the hood connection bracket. A positive engagement should be ensured.

- 2.5 Connect the fabric of the hood to the fabric of the seat with two press studs, one on each side of the pushchair.

- 2.6 Connect the fabric of the hood to the rear leg of the chassis with two press studs, one on each side of the pushchair.

2.5

2.6

2.7

2.8

Assembling the Zest (continued)

2.7 Your Zest hood can be opened and folded by pulling the hood forward or pushing backwards on the hood frame. Your hood can also be extended forwards by unzipping zip as shown in diagram 2.7. Please note when folding your Zest pushchair you should always ensure the hood is folded away. Failure to do this could result in damage to your Zest pushchair.

2.8 Your Zest pushchair has a multi-position calf support. Locate the adjustment levers either side of the calf support. Pull levers towards you and adjust to the required position.

3.1

Reclining the Zest

- 3.1 Your Zest pushchair has a multi-position recline.
- 3.2 First, locate the backrest adjustment mechanism at the rear of the seat. Pull up the recline lever and gently lower to the desired position.
- 3.3 To raise the backrest locate the recline lever and pull up gently into the desired position. The backrest will rise to the desired height.

NOTE: The backrest should always be in the upright position and the hood folded away prior to folding.

3.2

3.3

4.1

Using the Harness

The harness is a five point system consisting of shoulder straps, waist straps and crotch strap. Before you use the pushchair, the harness must be adjusted to suit the size of the child.

- 4.1** It is very important that you make sure the shoulder straps are the correct height for your child. The shoulder straps should be level or just below your child's shoulders.

In a safe and secure environment, place your child in the pushchair with the backrest upright and assess which of the three shoulder strap height positions is most suitable for your child.

NOTE: Winter/Summer clothing can make a difference to the size of your child.

WARNING: NEVER LEAVE YOUR CHILD UNATTENDED DURING THIS PROCESS. Remove your child whilst the following adjustments are being made.

5.1

5.2

Adjusting the harness

- 5.1 Your Zest pushchair has a multi-position height adjustment for the harness. To adjust the shoulder strap height, start by disconnecting the shoulder clips from the waist clips.
- 5.2 Pass one of the shoulder clips through the button hole on the cover and backrest. Once the clip is fully through to the opposite side of the backrest, pass it back through the desired slot. Repeat these steps for the other shoulder clip, ensuring that the selected button holes are in line.

6.1

Adjusting the harness

WARNING: Always ensure plastic toggles on shoulder and waist straps are securely and correctly located into backrest.

- 6.1 Plastic toggles must always be located correctly into backrest. They do not need to be removed to adjust harness.
- 6.2 If, for any reason, toggles are removed, they can be re-located by pushing into the hole on the backrest, ensuring 2 prongs click into place securely.

6.2

7.1

7.2

7.3

Adjusting the harness

WARNING: Always ensure buckle toggle is securely and correctly located into seat.

Buckle strap must always be located correctly into seat. It does not need to be removed to adjust harness.

- 7.1 If, for any reason, the buckle strap is removed, it can be re-located by pushing through both the buttonhole on seat fabric and buttonhole on seat substructure.
- 7.2 Ensure the buckle strap goes through both layers of fabrics.
- 7.3 Your harness is fully adjustable by moving the sliders (A), to make fitting easy. Normally, each shoulder strap is adjusted to the same length as the waist straps.

'D' rings are provided for fitting a separate harness if required (B), complying with BS 6684. Your child should always be harnessed in and should never be left unattended, even for short periods of time.

8.1

8.2

8.3

8.4

Using the harness

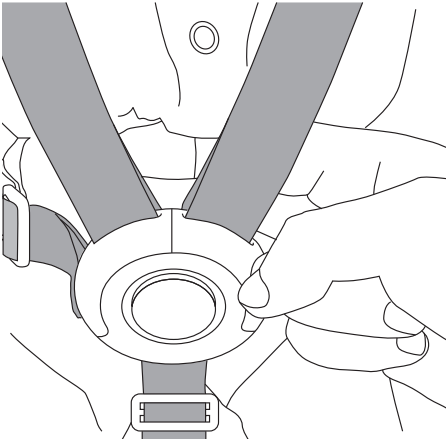

Attach and release the buckle as necessary to facilitate harness adjustment and checking the harness tightness.

WARNING: Always use the crotch strap in combination with the waist belt.

- 8.1 Start by connecting shoulder clips to waistclips.
- 8.2 To fasten the harness insert the pairs of clips into each side of the buckle. Listen for the 'click'.
- 8.3 Pull sliders in one direction to lengthen the strap
- 8.4 Pull slider in opposite direction to shorten strap

WARNING: Always use the restraint system. To release the harness, press the centre and pull apart. The shoulder clips can be detached from the waist clips if required.

9.1

Harness tightness

It is important to ensure that your child is securely fastened into the harness by assessing the tightness of the straps.

- 9.1 You should only be able to insert 2 fingers between the shoulder straps and the waist straps.

NOTE: Winter/Summer clothing can make a difference to the size of your child.

10.1

Using the brakes

- 10.1 Your Zest pushchair has a parking brake. To apply the brake simply press downwards on either brake catch located on the rear wheels. The brake will automatically lock on both wheels simultaneously.

WARNING: Ensure both brake levers are locked in position securely.

- 10.2 To release the parking brake simply lift either brake catch and both catches will release simultaneously.

NOTE: Always apply brake when placing and removing your child.

10.2

11.1

Using the wheel locks

- 11.1 Your Zest pushchair has front swivel wheels. To lock, locate the locking catch between the front wheels, pivot the wheels into the position for moving forward and lift the locking catch. To use the wheels in swivel mode, release the catch and the wheels will swivel freely. Repeat on each wheel.

NOTE: Do not attempt to swivel the wheels with the lock engaged as this may damage the swivel lock.

12.1

12.2

Folding the Zest

NOTE: The backrest should always be in the upright position and the hood folded away prior to folding.

12.1 To start folding, locate the rear locking catch (positioned between the rear wheels) and lift upwards with the toe of your shoe.

12.2 Now locate the secondary safety catch located above the right hand rear wheel. Gently press down until the lock has released.

NOTE: Check there are no large rigid items inside the basket before folding as presence of such items may lead to damage of the chassis.

12.3

Folding the Zest (continued)

12.3 Push the handles forwards and the pushchair will naturally close in three dimensions to a compact size. Ensure the locking catch on the side of the pushchair has engaged.

12.4 Your Zest pushchair has a fabric carry strap to the rear of the stroller.

WARNING: This strap is the only position from which you should lift your pushchair to avoid possible damage.

12.4

13.1

Attaching the raincover

- 13.1 To attach your raincover locate guide holes over handles, and slide the cover down over the chassis.
- 13.2 Fasten velcro handles to secure the raincover.
- 13.3 Hook elastic loops either side of raincover over plastic studs on chassis.

Pull raincover down to the bottom of the pushchair and tuck foot end under calf support.

13.2

13.3

Примечания по безопасности

Этот продукт называется: Zest

Вы приобрели высококачественное изделие компании Silver Cross. Оно соответствует требованиям стандартов BS EN1888:2012 и при надлежащем использовании и уходе будет безотказно служить вам. Если, тем не менее, с изделием возникнут какие-либо проблемы, обращайтесь за помощью в магазин Silver Cross по месту приобретения коляски.

ВНИМАНИЕ!

Данное изделие пригодно для детей от рождения и до 25 кг

Для новорожденных рекомендуется использовать наиболее наклонное положение люльки.

Никогда не оставляйте ребенка без присмотра.

Прежде чем использовать коляску, убедитесь, что задействованы все фиксаторы.

Раскладывайте и складывайте изделие на удалении от ребенка во избежание травм.

Не давайте ребенку использовать изделие в качестве игрушки.

Всегда используйте входящие в комплект коляски ремни.

Данное изделие не предназначено для бега или катания на роликах.

При размещении ребенка в коляске или его извлечении необходимо привести в действие стояночный тормоз.

Вещи, висящие на ручках и/или на обратной стороне спинки и/или боках коляски снижают ее устойчивость.

Не носите с собой более одного ребенка в этой коляске.

Не позволяйте другим детям вставать на задний тормоз или использовать его в качестве приступки.

Не используйте приступки сторонних производителей.

Используйте только аксессуары, одобренные компанией Silver Cross.

Следует использовать запасные части, произведенные / рекомендованные компанией Silver Cross.

В случае поломки, деформации или отсутствия отдельных деталей использовать изделие нельзя.

Осторожно! Регулируя коляску, следите за тем, чтобы ребенок не приближался к ее подвижным деталям.

Не позволяйте ребенку самостоятельно садиться в коляску и вылезать из нее, поскольку он может получить травму или сломать коляску.

Никогда не оставляйте ребенка в коляске с полностью установленным дождевиком кроме случаев обычного использования коляски на улице.

Вы несете ответственность за безопасность вашего ребенка.

Сиденье совместимо только с Zest Рамой

Вместимость корзины: 2 кг

Ребенок должен быть обязательно пристегнут ремнями безопасности, соответствующими стандарту BS6684. Для крепления дополнительных ремней в конструкции люльки предусмотрены D-образные кольца. Они расположены на стандартных ремнях безопасности рядом с точками их крепления к раме сиденья.

Регулируя положение деталей коляски, всегда держите ее за сиденье. При этом должен быть задействован тормоз коляски. Складывая и раскладывая коляску, не прикладывайте излишних усилий: вы можете ее повредить. Внимательно прочтите инструкции по складыванию и раскладыванию коляски. Использование аксессуаров и запасных деталей, не поставляемых и не рекомендованных компанией Silver Cross, может быть опасным. Если люльку использует другой человек (например, бабушка, дедушка или няня), обязательно объясните этому человеку, как правильно ее использовать.

Уход и обслуживание

Рама – всегда проверяйте коляску на предмет износа. Регулярно смазывайте все подвижные детали. Проверьте, свободно ли работают все фиксаторы. Металлические части протирайте сухой, чистой тканью.

Детали из ткани и сиденье – для очистки деталей протрите губкой, смоченной теплой водой с мылом. Тщательно ополосните чистой водой, чтобы удалить остатки мыла. Просушите детали коляски в стороне от источников тепла и прямых солнечных лучей. Со временем ткань может немного выцвести в процессе повседневного использования. Не стирайте и не сушите детали коляски в стиральной машине, не гладьте и не отбеливайте их.

Гарантия

На всю продукцию Silver Cross действует гарантия сроком 12 месяцев, покрывающая случаи производственного брака, при условии использования изделия в соответствии с инструкциями.

Перед использованием нового изделия Silver Cross внимательно прочтите данную инструкцию и сохраните ее для использования в будущем.
